As readers and writers...

We are developing our understanding of verbs, adjectives, adverbs and nouns through fiction and non-fiction genres. We will be reading Traction Man is Here by Mini Grey. We will be exploring character development, familiar settings and plots to create our own setting and character descriptions as well as form short narratives.

As mathematicians ...

We will be focusing on adding and subtracting 2 digit numbers across tens and solving simple number problems, including finding missing numbers. Then we will be recognising 2-D and 3-D shapes through counting faces, sides, vertices and lines of symmetry.

As athletes...

We will be developing our practical skills in gymnastics including copying, moving and linking actions into sequences. We will also be thinking about keeping fit and healthy, the importance of warm-ups and cool-downs, and why it is important to look after our muscles.

As historians / geographers...

We will be exploring the history of transport and create a timeline to put major inventions in history in order. We will be focusing on the life of Isambard Kingdom Brunel and learn about his major discoveries including Clifton Suspension Bridge, The Great Western Railways and SS Great Britain. We will consider how these inventions have impacted society.

Autumn Term 2: Brunel

As theologians ...

We will be exploring the question, 'Why do Christians believe God gave Jesus to the world?' We will be exploring how Christians believe that Jesus was a gift from God, thinking about incarnation.

As scientists...

We will be exploring how different materials can be used for more than one thing. We will be investigating the properties of different materials to find out how absorbent they are using a dropper of water. We will then explore the textures and properties of different materials by printing with a selection of items.

As DT experts ...

We are exploring moving mechanisms such as rotating wheels. We will be using our historical knowledge to design, build and evaluate the vehicles we create.

As artists...

We are exploring prints, patterns and collage through a range of mediums and techniques. We will also explore how to use these ideas to inspire our own artwork.

In PSHE...

We are learning about emotions and what these can feel like. We are also going to explore how to stay safe in different settings, and who are the people who can help us in an emergency.
